Dear Middle School Families,

I hope this correspondence finds you and your family well! I am anxiously awaiting the start of the school year, and am looking forward to connecting with our students and families.

Please be aware that we are starting the school year in a hybrid model, meaning the student body will be split into two “cohorts”. Students with their last name beginning with A-L will be in the RED cohort, and students with their last name beginning with M-Z will be in the WHITE cohort. Students in the RED cohort will attend school in-person on Mondays and Tuesdays, and students in the WHITE cohort will attend school in-person on Thursdays and Fridays. Wednesday will be a deep cleaning day at the school, with no students attending in-person. When not attending in-person, students will participate in distance learning. When participating in distance learning, students will utilize Google Classroom as the primary “hub” of online learning.

In order to streamline the process for your child, we have created a middle school “directory” by grade level, teacher and course. Please see below:

GRADE 7: GR. 7 CLICK HERE
GRADE 8: GR. 8 CLICK HERE

The first day of school for all students is **Tuesday, September 8, 2020**. On this day, ALL students will take part in a virtual learning day of school, and our teachers will be conducting “Distance Learning Orientation Day”. To prepare for this day, students are to:

1. Refer to their class schedule to *identify* their courses and teachers
2. Find each of their courses/teachers on the Distance Learning Directory above.
3. Join the Google Classrooms for each of the classes on your schedule.
4. Follow the directions on the teacher’s Google Classroom to go “live” with them on Tuesday, September 8, 2020.
5. Follow the bell schedule below for class times on Tuesday, September 8, 2020.

Center Moriches Middle School strives to celebrate diversity in a student-centered learning environment that is rigorous and relevant, while developing inquisitive, compassionate students who appreciate and contribute to the world in which they live - one student, one classroom, one interaction at a time.
