

June 25, 2021

Dear Parents and Students,

I just want to introduce myself to you as your child's teacher for 5th grade. I have been teaching at Clayton Huey for many years and I am so excited for the upcoming school year. It is amazing how time flies when you are having fun!

I am sure that everyone is looking forward to Summer Vacation, I know I am. I am sure that you will read some wonderful books, practice math facts, participate in various activities, maybe go on a special vacation, and will be anxious to share stories from your experiences. By this time you should have signed up for our Google Classroom for next year which we did during Meet The Teacher on the last day of School. If you haven't signed up yet please join using the code: eb2f33b. Parents, please email me your contact information at lwain@cmschools.org including your name, address, and best phone number to contact you. I always like to have open communication and I find that this is a great way to start.

This year 5th grade is going to be very productive and successful. As you know you will have a locker and any extra supplies you can keep in there. It is helpful to have a small basket to keep them, one from Dollar Tree is great. The following information are the supplies that you will need for next year:

- 6 sturdy plastic folders-red, orange, black, green, blue, and one of your choice.
- 4 Marble Notebooks
- Colored pencils (small package) and skinny markers
- One fine tip black Sharpie
- Crayons-24 pack is enough
- Work box that will fit in your desk to organize supplies
- Dry erase markers (thin)-low odor please (small package)
- Scissors
- 24 sharpened pencils, mechanical is fine too
- Large glue sticks-package of 6 is good (they usually need more of these as the year goes on)
- Two 1 1/2 inch binders with a clear view pocket on the front one for Math and one for their Portfolio
- Two 1 inch binders for Science and Social Studies.
- Pencil sharpener with a lid
- 2 packages of both Clorox Wipes and Baby Wipes
- 2 boxes of tissues

I am looking forward to such a great year and getting to know everyone!! Have a fabulous Summer and see you in September!

Mrs. Wain
